Having furnished the workout, no need to rush home to get diet. We Bring Home to you!!! Serving you with all World Class facilities.

Spa

Legend Wellness Pivot will give a platform to all National and International Brands to provide their medicinal baths. Spa towns or spa resorts (including hot springs resorts) typically offer various health treatments, which are also known as balneotherapy. The belief in the curative powers of mineral waters goes back to prehistoric times. Such practices have been popular worldwide, but are especially widespread in Europe and Japan. Day spas are also quite popular, and offer various personal care treatments.

Natural Theraphy

Naturopathy or naturopathic medicine is a form of alternative medicine employing a wide array of "natural" treatments, including homeopathy, herbalism, and acupuncture, as well as diet and lifestyle counseling. Naturopaths favor a holistic approach with non-invasive treatment and generally avoid the use of surgery and drugs. Naturopathic philosophy is based on a belief in vitalism and self-healing, and practitioners often prefer methods of treatment that are not compatible with evidence-based medicine. Naturopathic medicine is replete with pseudoscientific, ineffective, unethical, and possibly dangerous practices.

Diet Food Court

Legend Wellness Pivot is creating a first of its type Diet-Food Court in India.

Welcome to healthier, affordable eating through collective buying. If healthy food is to be our medicine, a cornerstone to health, there can be no compromises. Rising fuel, operating and agricultural costs have continued to make access to natural, whole, healthy foods more challenging. To do what is best for our bodies, we must eat as close to 100% organic to rid ourselves of mounting environmental toxins, take in the highest nutrients, and prevent disease. Most of us cannot financially afford to do this going to local retail centers where prices are prohibitive.

Organic Products

A platform where people can come together and discuss/post their point of views on several issues so as to encourage healthy lifestyle. Organic Shop is India's largest online organic marketplace of organic products offering certified and branded organic products. Organic Shop is your Organic Lifestyle Store featuring 6000 SKU's from 50 leading brands offering organic food, clothing, cosmetics health and wellness products. Organic Insights is a new online initiative for the like-minded organic enthusiasts to share news, videos, blogs, interesting experiences and views about organic eco-system.

Single Stop Shop Destination for all your Health & Wellness Needs.
